EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of **Hide Price For Guest** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.
