## Getting Started!

### Overview

---

FME Open Jobs Manager is a recruitment extension that allows admin to manage hiring and job postings. This jobs and recruitment module creates a dedicated web page on your website for jobs, where both employers and candidates can filter jobs by location, department and date. Add location, department, job types and manage all the applications centrally. Share your jobs on Facebook and Twitter as well.

### Open Jobs

---

#### Features

- ✓ Add and manage jobs
- ✓ Set job title and URL
- ✓ Select the number of positions open
- ✓ Select the department such as marketing, and technical etc. You can create departments.
- ✓ Select the job type such as permanent or contract. You can create job types.
- ✓ Select the location of job, you can add locations
- ✓ Configure other settings such as gender type, minimum qualification and experience, and apply by date options
- ✓ Select if travel is required for the job
- ✓ Add description by using WYSIWYG editor
- ✓ Set META information for that specific job's portal page
- ✓ View applicants against each job in this section
