## GUEST WISHLIST

### EXTENSION FOR MAGENTO 2

### USER GUIDE

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of **Guest Wishlist** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

## USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

## HOW TO CONFIGURE THE EXTENSION

At the back end, go to **FME EXTENSIONS > Configurations**. Here You can find the following settings:

### GUEST WISHLIST > GENERAL SETTINGS

- **Enable on Frontend:** Options to enable/disable the extension on store frontend
- **Keep Wishlist Items After Add to Cart:** Select Yes/No to keep the Wishlist items after add to cart
- **Cookie lifetime:** Set the time for the expiration of cookie, as Wishlist is being stored in the cookie. So longer will be the cookie time, longer will the wish-list stay

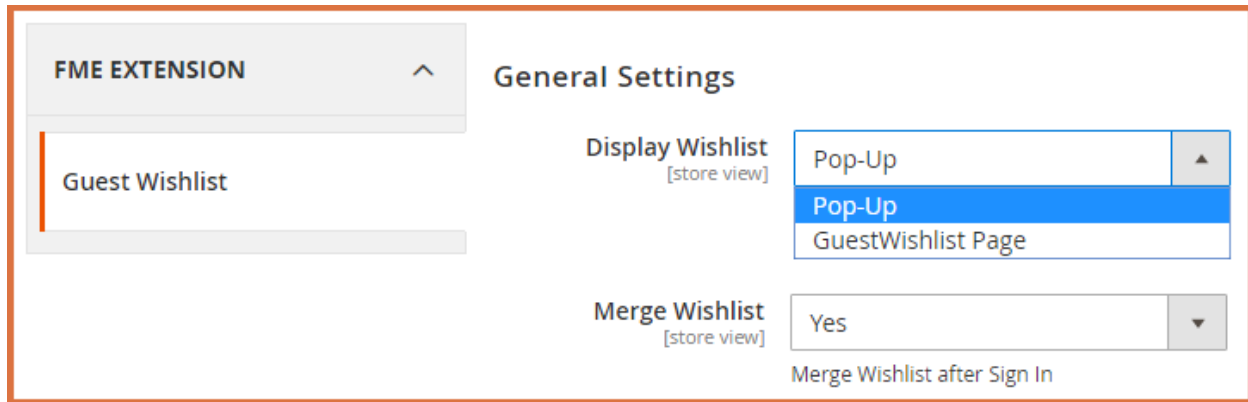

The screenshot shows the 'General Settings' configuration for the 'FME EXTENSION' in the Magento Admin. The left sidebar shows 'FME EXTENSION' expanded with 'Guest Wishlist' selected. The main content area has three settings:

General Settings	
Enable on Frontend <small>[store view]</small>	Yes
Keep Wishlist Items After Add to Cart <small>[store view]</small>	No
Cookie Lifetime <small>[store view]</small>	6000

- **Display Wishlist:** Options to display Wishlist in:
  - Guest Wishlist Page
  - Pop-up

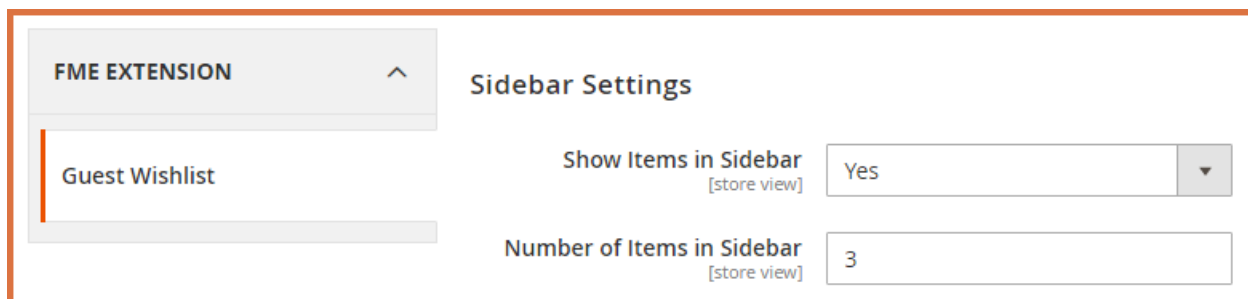

- **Merge Wishlist:** Options to merge Wishlist for people who are logged-in / not logged-in. Like, if a person has added something to Wishlist while s(he) is not logged in, after that s(he) logs in. Now this feature will retain the Wishlist for the logged-in state as well

The screenshot shows the 'General Settings' for the 'Guest Wishlist' extension. On the left, a sidebar lists 'FME EXTENSION' and 'Guest Wishlist'. The main area contains two settings: 'Display Wishlist [store view]' with a dropdown menu showing 'Pop-Up' (selected), 'Pop-Up', and 'GuestWishlist Page'; and 'Merge Wishlist [store view]' with a dropdown menu showing 'Yes'. Below the second dropdown is the text 'Merge Wishlist after Sign In'.

## GUEST WISHLIST > SIDEBAR SETTINGS

- **Show Items in Sidebar:** Select Yes/No to Show/Hide Wishlist items in the sidebar
- **Number of Items in Sidebar:** Set the limit of the Wishlist items to display in the sidebar

The screenshot shows the 'Sidebar Settings' for the 'Guest Wishlist' extension. On the left, a sidebar lists 'FME EXTENSION' and 'Guest Wishlist'. The main area contains two settings: 'Show Items in Sidebar [store view]' with a dropdown menu showing 'Yes'; and 'Number of Items in Sidebar [store view]' with a text input field containing the number '3'.

## DISCLAIMER

It is highly recommended to back up your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

**It is recommended you install on a test server initially to carry out your own testing.**
