

FME EXTENSIONS

EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of **Pre Order & Back Order** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

HOW TO CONFIGURE THE EXTENSION

At the backend, go to **FME EXTENSIONS > Configurations**. Here you will have access to the following configurations:

GENERAL SETTINGS

- **Enable Module:** Choose 'Yes' or 'No' to Enable/Disable the Pre-Order extension
- **Checkout Notice:** Option to write a message for checkout notice which will be displayed with pre-order information
- **Show Checkout Notice On:** Choose the pages where checkout notice will display:
 - Shopping Cart Page
 - Checkout Page
 - Admin Order Page
- **Order Notice:** Option to write a message for order notice which will be displayed with order information
- **Show Order Notice On:** Choose the pages where order notice will display:
 - Admin View Order Page
 - Frontend View Order Page
- **Enable Countdown Timer:** Choose 'Yes' or 'No' to Enable/Disable the countdown timer

PRODUCT SETTINGS

- **Enable Pre-Order For All Products:** Choose 'Yes' or 'No' to Enable/Disable the pre-order feature for all products
- **Enable Pre-Order For Products with Positive Qty:** Choose 'Yes' or 'No' to Enable/Disable the pre-order feature for products having a positive quantity
- **Restrict Adding Pre-Order And Regular Product To Cart:** Choose 'Yes' or 'No' to Enable/Disable adding pre-order & regular product to cart. If you select 'Yes' and once you add pre-order products to cart then you can't add any other than pre-order product and vice versa.

- **Automatic Pre-Ordering Option Allow:** Choose 'Yes' or 'No' to Enable/Disable the automatic pre-ordering option. Select 'Yes' to enable automatic pre-order when the product quantity is smaller than the customer's demand.
- **Product Availability:** Option to define products' availability date **i.e.** Specify the date when the pre-orderable product will be available on the store. If the **availability date** is smaller than the **current date**, then the stock status label field will be ignored (**Note:** Make sure your availability date should be greater or equal to the current date).
- **Stock Status Label:** Option to customize the stock status label. No status will be shown if you leave the field empty.

Date Format: Available text: **{{short_date}}** Product available date set in a short format. **e.g.** 2020-03-26. Check

{{long_date}} Product available date set in long format **e.g.** Nov,20,2020

{{day}} Left a number of days from the current day

- **Show Stock Status Label On:** Choose the pages where you want to display the stock status label:
 - Category Page
 - Product Detail Page
 - Shopping Cart Page
 - Admin Order View Page
 - Checkout Page
 - Admin Order Page
 - Search Result Page
 - Wishlist
 - Compare List
