Getting Started!

Overview

Build & Manage a great looking Web 2.0 style blog with Advance CMS Magento Blog Extension. This CMS module features Comments, ratings, Image gallery, Video player and much more for your blog posts. Create a custom theme for your blog page; all other advance features make your blog a great source of information, inspiration and marketing.

Advance CMS

Features

- ✓ Create, add and manage stylish blog in Magento.
- ✓ Featured Blogs slider is placed on landing page. Configure its style, animations, and auto play settings
- ✓ Related blog posts “block” in the left column gives exposure to your other posts. You define which posts to show up in this block
- ✓ Customize blog theme as per your requirements. This plugin offers Blog Theme customization feature that allows you to modify the look & style of blog landing and detail page
- ✓ Magento rating feature included, set permissions on how readers can rate your blog articles
- ✓ User interactivity and feedback is never far away, this addon supports Comments feature with pagination and sorting. Build a strong audience and social circle!
- ✓ This addon supports Multiple Stores feature
- ✓ Add videos to blog posts, you can upload manually or choose from any location such as Youtube, Vimeo etc.
- ✓ Customize dimensions for CMS Gallery. You can define custom width and height of Image Gallery and Video player
- ✓ Multiple Page layouts are supported for blogs
- ✓ Add Image gallery to blogs page. Multiple slider transition and animation effects are included
- ✓ Dynamic Block can be placed on CMS pages or left/right column just like featured block
- ✓ Ajax Ratings and Comments for front end

Global Features

- ✓ Open Source
- ✓ Multi store support
- ✓ Easy Installation
- ✓ Responsive
