

FME EXTENSIONS

EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users – managers, supervisors, and others of the **Mix & Match** extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

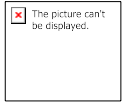

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions feel free to contact us on our website.

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

HOW TO CONFIGURE THE EXTENSION

At the back end, go to **STORES > CONFIGURATION**. Here you can find the following settings

GENERAL SETTINGS

- **Enable Module:** options to Enable / Disable module

The screenshot shows the 'Configuration' page for 'FME EXTENSIONS Mix And Match'. On the right, there is a 'Save Config' button. The 'General Settings' section contains the 'Enable Module' dropdown menu, which is currently set to 'Yes' and has a list of options: 'Yes' and 'No'.

OTHER SETTINGS

- **Grid Color:** Option to choose the color of the grid, on clicking the input field a color pallet will appear and you can choose any color by moving the cursor.

- **Add to Cart Button Color:** Option to choose the color of Add to Cart Button, on clicking the input field a color pallet will appear and you can choose any color by moving the cursor.
- **Textbox Color:** Option to choose the color of the textbox, on clicking the input field a color pallet will appear and you can choose any color by moving the cursor.
- **Grid Position:** Option to set the position of the grid on the frontend:
 - Left
 - Right
- **Success Pop Up Color:** Option to choose the color of Success pop-up, on clicking the input field a color pallet will appear and you can choose any color by moving the cursor.
- **Button Label:** Set a custom label of button in the text field. (Hint: This is an editable field)

HOW TO SET UP PROPERTIES OF THE EXTENSION

On the back end, go to **CATALOG > PRODUCTS**. Here you can find the listed bundle products. You can also add a new bundle product by clicking the arrow on the 'Add Product' button and selecting 'Bundle Product'.

Products												Add Product ▼
												Filters Default View ▼ Columns ▼
<input type="checkbox"/>	ID ↓	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity	Visibility	Status	Websites	Action
<input type="checkbox"/>	2047		Gift Box(Fixed)	Bundle Product	Default	Gift Box(Fixed)		0.0000	Catalog, Search	Enabled	Main Website	Edit
<input type="checkbox"/>	2049		Gift Box2 (Base Price)	Bundle Product	Default	Gift Box2(Base Price)		0.0000	Catalog, Search	Enabled	Main Website	Edit

A form will appear where you will find **bundle products**; bundle products are the ones that are a collection of multiple products. They can be in the form of **Grid** or **List**. Now click on any of the product and it will take you to the **settings/configurations** page. There you will find a lot of product attributes which are already filled; you just have to make changes in **two** tabs:

- **MIX AND MATCH DETAILS TAB**
- **BUNDLE ITEMS TAB**

GO TO MIX AND MATCH TAB: Set the listed properties

Fixed Price Amount

-- Please select --

Fixed Pricing

Per Item Price With Base Price

Per Item Price Without Base Price

- **Allow Mix and Match?:** Option to Allow / Disallow Mix and Match feature
 - Yes
 - No
- **Template Type:** Choose the layout type of the template:
 - List
 - Grid
- **Pricing Type:** Among various pricing type options choose any suitable option for your gift box
 - **Fixed Pricing:** This option lets you set a fixed price of the gift box.
 - **Per Item Price With Base Price:** This Option lets you set a base price of the gift box, and then the price increases as per the products being added in the gift box i.e. you can set some base price of the box and when user will add products in the gift box, the total price of the gift box will result as, base price **plus(+)** price of each product in the box.

- **Per Item Price Without Base Price:** This option lets you add products and their respective prices without any base price i.e. when you add products in the box, the total price of the box will be the exact total of the products' overall amount, no base price will be the part of the gift box's total price.

No

- **Fixed Price Amount:** Option to set the amount to charge as “fixed price giftbox”. Fill this field if you have selected ‘Fixed Pricing’ in the ‘Pricing Type’ dropdown above.
- **Base Price Amount:** Option to set the amount to charge as “base price of the box”. Fill this field if you have selected ‘Per Item Price With Base Price’ in the ‘Pricing Type’ dropdown above.
- **Box Quantity:** Set the number of products to add in the box

- **Allow Message Box:** Option to Allow / Disallow Message box
 - Yes
 - No

GO TO BUNDLE ITEMS TAB: Set the listed properties

BUNDLE ITEMS: Here you will find a list of products that have been added while creating the bundle product. You can add more products in the list by clicking the **Add Products to Option Button** on the bottom left corner.

Note : Input type should be **“CheckBox”** or **“Multiselect”** In order to show mix and match theme.

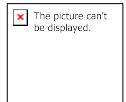

Is Default	Name	SKU	Default Quantity(Unused for MixAndMatch) *	Pre Filled	Is Mandatory
<input checked="" type="checkbox"/>	Sprite Stasis Ball 55 cm	24-WG081-blue	1	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Voyage Yoga Bag	24-WB01	1	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	Sprite Foam Yoga Brick	24-WG084	1	<input type="checkbox"/>	<input type="checkbox"/>

Pre-Filled: If you mark any product as pre-filled, then this particular product will be added into the gift box by default (as the gift box will appear on the front end). But users can remove and can re-add them as per choice.

Is Mandatory: If you mark any product as mandatory for a gift box, then this product will be the part of a gift box by default and the user cannot remove it from the gift box.

After setting the **Mix and Match** and **Bundle Properties**, click on the **Save button** and your configurations will be enabled on store frontend.

FME EXTENSIONS MIX & MATCH

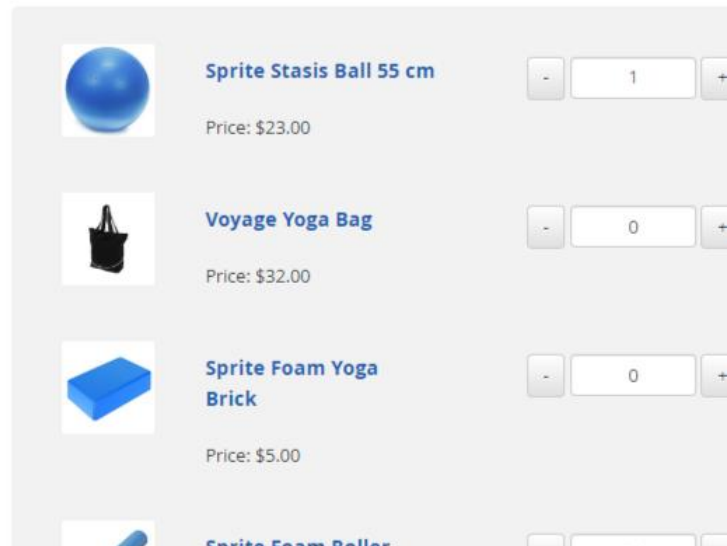

The product will show as follows on frontend.

Sprite Yoga Companion Kit

\$43.00

DISCLAIMER

It is highly recommended to back up your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

It is recommended you install on a test server initially to carry out your own testing.
