## Getting Started!

### Overview

Frequently Bought Together is another wonderful plugin that exposes your store products to your site audience and hence increases your sales. It overrides Magento's related product's block on Product Detail Pages and displays those products which are frequently bought along with the product in view. This block is fully customizable from the Magento backend. Cross-sells, Up-sells, Related products and Frequently Bought Together, all these are strong sales pushing techniques.

### Features

#### Customizable Features:

- Title of the block can be customized
- Position of the block such as either above or below product details
- Custom images for Product Selection on Frequently Bought Together block

#### General Features

- Customizable Block Heading
- Customizable Block Position on Product Detail Pages
- Upload Custom images to highlight selected products from Frequently Bought Together block
- Implemented by Following Best Magento Coding Practices
- Markets you Brand and products effectively to the web audience
- Implements strong website usability features on your site
- Makes your site more informative than your competitors
- Increase and drive your sales higher due to the vast exposure of your products and lets you concentrate on other aspects of your store such as Products and Support
- Easy to install, Easy to use
- Comes with instant and strong Support

## Installation

### Step by Step

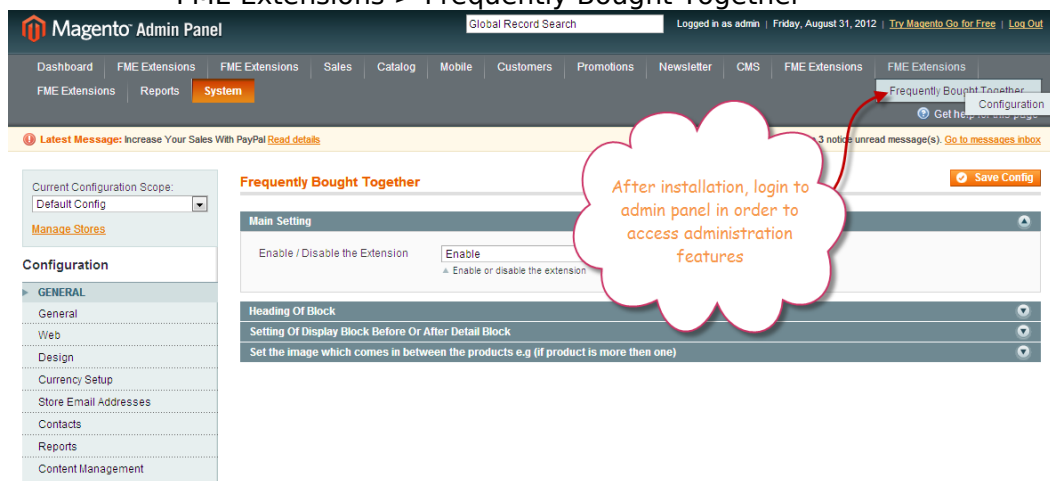

It is highly recommended to backup your server files and database before installing this module. No responsibility can be taken for any adverse effects it may cause. It is also recommended that you install it on a test server initially to carry out your own testing.

1. Extract the zip file FME\_Freq\_Baught\_tog\_Ext\_1.0.zip to a local folder.
2. Copy the file  
FME\_Freq\_Baught\_tog\_Ext\_1.0/app/etc/modules/FME\_BoughtTogether.xml  
TO /app/etc/modules.
3. Copy the full folder  
FME\_Freq\_Baught\_tog\_Ext\_1.0/app/code/local/FME/BoughtTogether TO  
/app/code/local/FME.
4. Copy the file  
FME\_Freq\_Baught\_tog\_Ext\_1.0/app/design/adminhtml/default/default/layout/boughttogether.xml TO /app/design/adminhtml/default/default/layout.
5. copy the file  
FME\_Freq\_Baught\_tog\_Ext\_1.0/app/design/frontend/default/default/layout/boughttogether.xml TO /app/design/frontend/default/default/layout/.
6. Copy the full folder  
FME\_Freq\_Baught\_tog\_Ext\_1.0/app/design/frontend/default/default/template/boughttogether TO /app/design/frontend/default/default/template.
7. Copy the full folder  
FME\_Freq\_Baught\_tog\_Ext\_1.0/skin/frontend/default/default/css/fme TO  
/skin/frontend/default/default/css.
8. Copy the full folder FME\_Freq\_Baught\_tog\_Ext\_1.0/media/fme TO /media.
9. Make sure you have access to these folders/files of modules.
10. Delete cache from admin panel or delete that from file system /var/cache
11. Logout from the admin panel and login back to see under the FME Extensions Menu in top navigation.
