## Getting Started!

### Overview

---

Magento Media Gallery Extension creates a landing page for product and category videos/images, which are presented elegantly in different tabs. You can add videos to product, category, Home and CMS pages from different sources such as Youtube, Vimeo and others. Configurable CMS product videos block allows you to showcase videos in right/left columns or any other desired location on your site. Our magento product video module is a multi-store module which includes featured videos slider and supports the following video formats; FLV, YouTube, Vimeo, JPG, PNG, GIF, SWF
