EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of **Product Labels & Stickers** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.
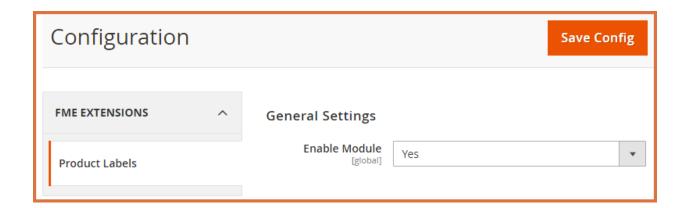

TABLE OF CONTENTS

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

HOW TO CONFIGURE THE EXTENSION

At the back end, go to **FME EXTENSIONS > Configurations**. Here you can find the following settings

PRODUCT LABELS > GENERAL SETTINGS

- **Enable Module:** Options to enable/disable the module
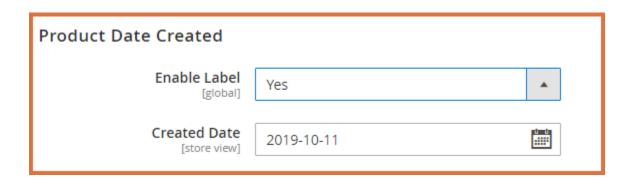

PRODUCT LABELS > AUTO LABEL SETTINGS

COUNTRY MANUFACTURER

- **Enable Label:** Select yes/no to show/hide the product manufacturer country label

- **Country:** Display the name of product manufacturer country

PRODUCT DATE CREATED

- **Enable Label:** Select yes/no to show/hide the label of date of creation of product

- **Created Date:** Choose the date of creation of product

DISCOUNT RANGE LABEL

- **Enable Label:** Select yes/no to show/hide discount range label

- **Threshold:** Enter the threshold value. If the discount range is less than the entered value, then this label will show on the frontend.

PRICE RANGE

- **Enable Label:** Select yes/no to show/hide price range label

- **Price From:** Set minimum price value of any specific product

- **Price To:** Set maximum price value of any specific product

HIGHLIGHT NEW

- **Enable Label:** Select yes/no to show/hide highlight new label

- **Number of Days:** Enter the value for the number of days e.g. if you enter 99 it means all the products which are created before 99 days are highlighted with **New** label.

TOP RATED

- **Enable Label:** Select yes/no to show/hide top-rated product label

- **Threshold:** Enter the threshold value. If the rating of any product is more than the entered value, then this label will show on the frontend.

LOW PRICE LABEL

- **Enable Label:** Select yes/no to show/hide low price product label

- **Threshold:** Enter the threshold value. Low Price is basically the **percentage** of how much low we are selling some Product. For instance, actual cost of one product is **$50** and we are selling it at **$30** i.e.

  (50-30)/50=0.4 which means **40%**. So, if threshold is **90**, then this label will show on the frontend.

MOST VIEWED LABEL

- **Enable Label:** Select yes/no to show/hide most viewed product label

- **Threshold:** Enter the threshold value. E.g. if you enter 3 it means any product who is viewed by 3 customers then this label will show on that product.

Product Labels > Checkout Labels

- **Enable Cart Page Label:** Select yes/no to show/hide product labels on the cart page

- **Enable Mini Cart Page Label:** Select yes/no to show/hide product labels on the mini cart page

- **Enable Checkout Page Label:** Select yes/no to show/hide product labels on the checkout page

- **Label Category:** Options to choose the category of the product label

  - Rule Label

  - Auto Label

If you select **auto label**, the following fields will be shown:

Set Priority For Checkout

- **Country Priority:** Set priority for manufacturer country label

- **Product Created Date Priority:** Set priority for the date of creation label

- **Discount Range Priority:** Set priority for discount range label

- **Price Range Priority:** Set priority for price range label

- **Highlighted New Priority:** Set priority for highlighted new label

- **Top Rated Priority:** Set priority for the top-rated label

- **Low Price Priority:** Set priority for the low-price label

- **Most Viewed Priority:** Set priority for the most viewed label

**Note:** The label with the highest priority will show on the frontend.

CheckOut Labels

Please Note : Label wont be Show on any checkout page through Ajax Call
