FME Extensions

COST BASED PERCENTAGE PRICING

Extension for Magento 2

User Guide

Intended Audience

The content of this document is designed to facilitate the users -managers, supervisors, and others of Cost Based Percentage Pricing Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

TABLE OF CONTENTS

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

HOW TO CONFIGURE THE EXTENSION

At the back end, go to FME Extensions > Configurations. Here you will find the following settings:

GENERAL SETTINGS

- Enable Module: Choose 'Yes' or 'No' to Enable or Disable the Extension

HOW TO MANAGE PERCENTAGE PRICING RULES

At the backend, go to FME EXTENSIONS > Manage Rules. Here you will find all the previously created rules in a grid. You can Edit any rule or click on the Add New button to proceed.

Here you will have to provide the following information:

RULE INFORMATION

- **Rule Name:** Enter a name for the new rule

- **Description:** Enter a short description for the new rule

- **Status:** Option to Enable/Disable the rule

- **Store View:** Select the store views on which you want to set different Profit margins

- **Customer Groups:** Select the customer groups on which you want to set different Profit margins

- **From:** Enter a start date to schedule the markup pricing for a specific time

- **To:** Enter an ending date for the markup pricing. Pricing will not apply once the timeline expires.

- **Priority:** Set the priority of the rule, in case of more than one rule for the same product

ACTIONS

- **Apply:** Options to apply the profit markup:

    o   Apply As Percentage of Original

    o   Apply As Fixed Amount

- **Action:** Option to mark down the prices of your store products by subtracting a fixed or percentage amount from the cost price.

    o   Add

    o   Subtract

- **Amount:** Enter an amount that will be used in the selected action above

HOW TO SET ADVANCED PRICING FOR A PRODUCT

To add/edit a product based on advanced pricing rules, just go to CATALOG > Products. Here you will find all the products in a grid. You can edit any product by clicking on it or click on the Add Product button based on your requirements.

Here you will find your product information. Click on "Advanced Pricing" to continue.

Now here you have to submit the price of the product. Provide the data of the following fields for the rule to be applied on a particular product.

- Special Price: Enter a special price for the product

- Special Price From: Select a starting date from which this price will be scheduled for a specific time

- Special Price To: Select an ending date for this pricing. Pricing will not apply once the timeline expires.

- Cost: Enter the cost of the product e.g. $2,000.00

- Customer Group Price: Add Fixed or Discount Price for All or specific customer groups

- Manufacturer's Suggested Retail Price: Enter the retail price of the product which is suggested by the manufacturer

- Display Actual Price: Choose from the following options:

    o Use Config

    o On Gesture

    o In Cart

    o Before Order Confirmation

(Note: If the cost in the Advanced Pricing is not given or is zero, then there will be no effect on the prices)
