FME Extensions

EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users -managers, supervisors, and others of Bundle Deals Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

TABLE OF CONTENTS

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.
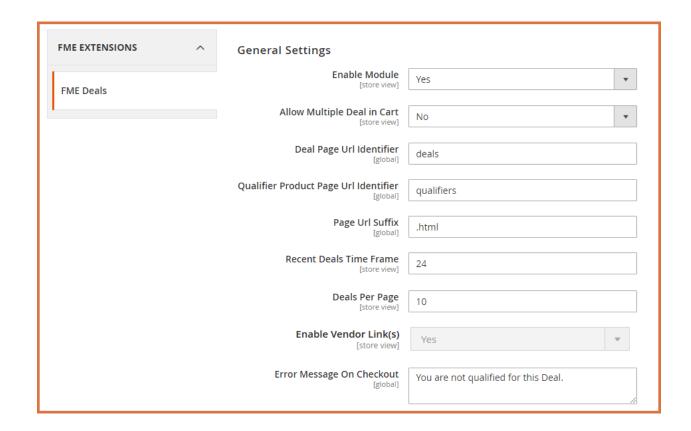

HOW TO CONFIGURE THE EXTENSION

At the back end, go to Stores > Configurations. Here You can find the following settings

- Allow Multiple Deals in Cart: Option to allow multiple deals in a single cart

- Deal Page URL Identifier: Option to set URL identifier for the deal page

- Qualifier Product Page URL Identifier: Option to set URL identifier for qualifier product page

- Page URL Suffix: Option to set suffix for URL of deal page

- Recent Deals Time Frame: Option to set time frame (in an hour) to display deals in recent deals slider i.e. To display Deals created a day ago set value to 24

- Deals Per Page: Option to set number of deals per page on Home and Deals page

- Enable Vendor Link: Option to enable the link of the product of the other vendors

- Error Message on Checkout: Enter an error message for users which will display on checkout page (**Note**: Error Message On checkout if the user does not fulfill the conditions for purchasing a deal)

FME EXTENSIONS ⌃

FME Deals

General Settings

|	
Enable Module [store view]	Yes
Allow Multiple Deal in Cart [store view]	No
Deal Page Url Identifier [global]	deals
Qualifier Product Page Url Identifier [global]	qualifiers
Page Url Suffix [global]	.html
Recent Deals Time Frame [store view]	24
Deals Per Page	10
Enable Vendor Link(s) [store view]	Yes
Error Message On Checkout [global]	You are not qualified for this Deal.

HOW TO ADD NEW DEAL

At the back end, go to FME extensions > Manage Deals. Here you can find the list of all the products of your store. To add a new deal for any specific product, just click on the button named "ADD / EDIT DEAL". By clicking on this button, you can add or edit the deal settings for that specific product.

Add/Edit Deals

| ☐▾	ID ↓	Thumbnail	Name	Type	SKU	Price	Status	Websites	Add / Edit Deal
☐	1		Joust Duffle Bag	Simple Product	24-MB01	$34.00	Enabled	Main Website	Add/Edit Deal
☐	2		Strive Shoulder Pack	Simple Product	24-MB04	$32.00	Enabled	Main Website	Add/Edit Deal
☐	3		Crown Summit Backpack	Simple Product	24-MB03	$38.00	Enabled	Main Website	Add/Edit Deal

After clicking on the button, a form will appear on your screen having the following properties:

- Enable Deal: Option to Enable / Disable deal

- Start At: Option to set start date and time of the deal

- Ends At: Option to set ending date and time of the deal

- Deal Price: Option to set the deal price of the product, as price in the deal is going to be different from the original price (Sale Price).

- Set as Feature: Option to set the deal as a feature deal i.e. in case of multiple deals, you can set any of them as featured using this feature

- Deal Type: Options to choose the type of deal:

 o   Deal of the day

  o   Flash Sales

Recent deals, deal of the day & flash sales will be shown on frontend as a banner.

Note: In the case of the Deal of the Day, only One Deal will be displayed on banner based on the priority set in form. Recent deal and Flash Sale will be displayed as a slider.

- Priority: Option to set the priority of the deal. Here 1 means the highest, 2 means second-highest and vice versa
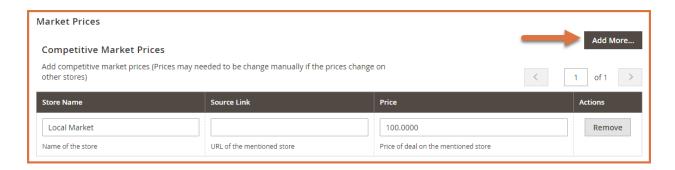

MARKET PRICES

Using this option, you can enable a price matcher on the deal page. You can display the price of the other vendors selling the same product by clicking on the button ADD MORE (placed at extreme right).

- **Name of the Store:** Option to put the name of the other vendor who is selling the same product

- **URL of the Mentioned Store:** Option to provide a link of the product offered by the vendor mentioned in the above text field
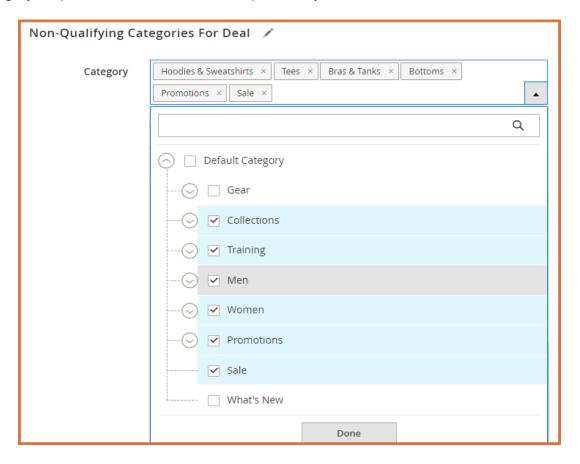

- **Price of Deal on the Mentioned Store:** Option to put the price of the deal of the mentioned store

You can add multiple vendors and remove the existing ones by clicking on Add/ Remove Buttons

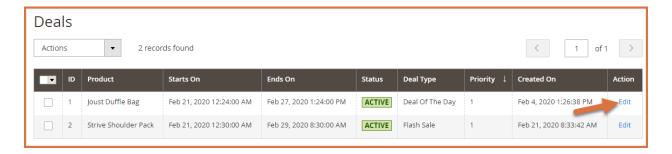

Non-Qualifying Categories For Deal

Option to choose the categories which you want to exclude from the deal. On selecting any category, its products won't be able to be part of any deal.
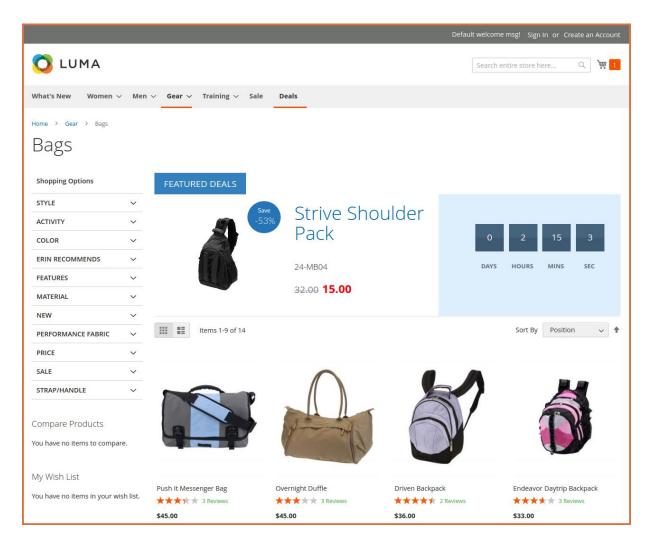

To view and edit all the existing deals, go to FME Extensions > View Deals. Here you will find the list of enabled deals; you can edit them by clicking on the Edit button. All the options discussed above will again appear on your screen and you can re-configure them as per your needs and demand.

Deals

	ID	Product	Starts On	Ends On	Status	Deal Type	Priority ↓	Created On	Action
☐	1	Joust Duffle Bag	Feb 21, 2020 12:24:00 AM	Feb 27, 2020 1:24:00 PM	ACTIVE	Deal Of The Day	1	Feb 4, 2020 1:26:38 PM	Edit
☐	2	Strive Shoulder Pack	Feb 21, 2020 12:30:00 AM	Feb 29, 2020 8:30:00 AM	ACTIVE	Flash Sale	1	Feb 21, 2020 8:33:42 AM	Edit

Actions ▼ 2 records found 〈 | 1 | of 1 〉
