# FME EXTENSIONS

NEWSLETTER POPUP
PRO

EXTENSION FOR MAGENTO 2

USER GUIDE

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the Newsletter Popup Pro Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

## TABLE OF CONTENTS

## USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

## HOW TO CONFIGURE THE EXTENSION

At the back end, go to **FME Extensions > Configurations**. Here you will find the following settings:

### MODULE SETTINGS

- **Extension Enable:** Choose '**Yes**' or '**No**' to Enable or Disable the Extension

## HOW TO ADD/EDIT NEWSLETTER POPUP

At the back end, go to **FME Extensions > Manage Popup.** Here you will find all the previously created newsletter popups in a grid. You can **Edit** any one or click on the **Add New Popup** button to proceed.

Here you will have to provide the following information:

## GENERAL FORM

- **Popup Enable:** Option to Enable or Disable the popup on the frontend

- **Popup Name:** Enter a name/title for the popup

## POPUP GENERAL INFORMATION

- **Store View:** Choose the store views on which you want to enable the popup

- **Trigger Popup on Event:** Option to set a trigger event for displaying the popup. This gives an option to the admin to fire the popup on page load. In this case, X is the number of **seconds** that the user will enter in the text field.

  - **Once the Page is Loaded**

  - **X Seconds After the Page is Loaded**

  - **Once the Page is Scrolled By X%**

  - **Once Cursor is Moved Outside the Page**

- **X value in Event:** Enter the time here (**in seconds**) for the popup to appear

- **Popup Effects:** Choose from the following popup effects:

  o **Fade Zoom**

  o **Fade Slide**

  o **Newspaper**

  o **Horizontal Move**

  o **Move From Top**

  o **3D Unfold**

  o **Zoom Out**

- **Cookie Lifetime (Seconds):** Enter the number of seconds **e.g.** 120 for 2 minutes, after which the popup should re-appear.

- **Position:** Choose the popup position on the screen:

  o **Top Left**

  o **Top Center**

  o **Top Right**

  o **Middle Left**

  o **Middle Center**

  o **Middle Right**

  o **Bottom Left**

  o **Bottom Center**

  o **Bottom Right**

## Popup General Information

| | |

| **Store View** \* | All Store Views |
| | **Main Website** |
| | **Main Website Store** |
| | Default Store View |

| | |
|---|---|
| **Customer Groups** \* | NOT LOGGED IN |
| | General |
| | Wholesale |
| | Retailer |

**Trigger Popup on Event** \*  Once The Page Is Loaded ▼

**X value in Event** \*

**Popup Effects** \*  Fade Zoom ▼

**Cookie Lifetime(seconds)** \*
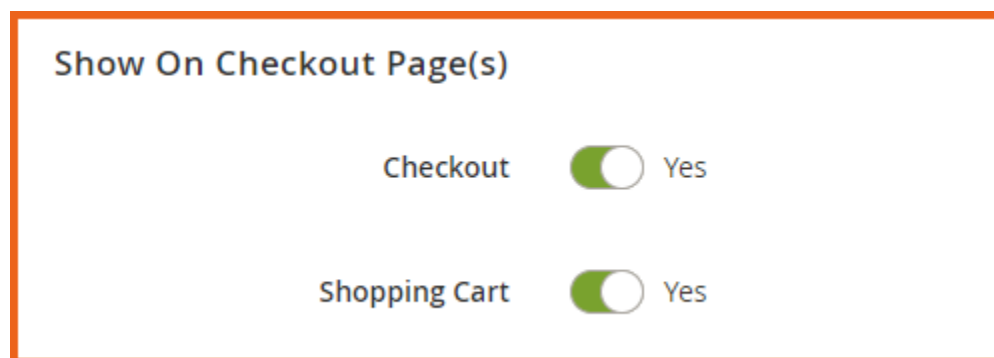

**Position** \*  Top Left ▼

## SHOW ON CMS PAGES

- **Pages:** Select the CMS pages on which you want to display the popup

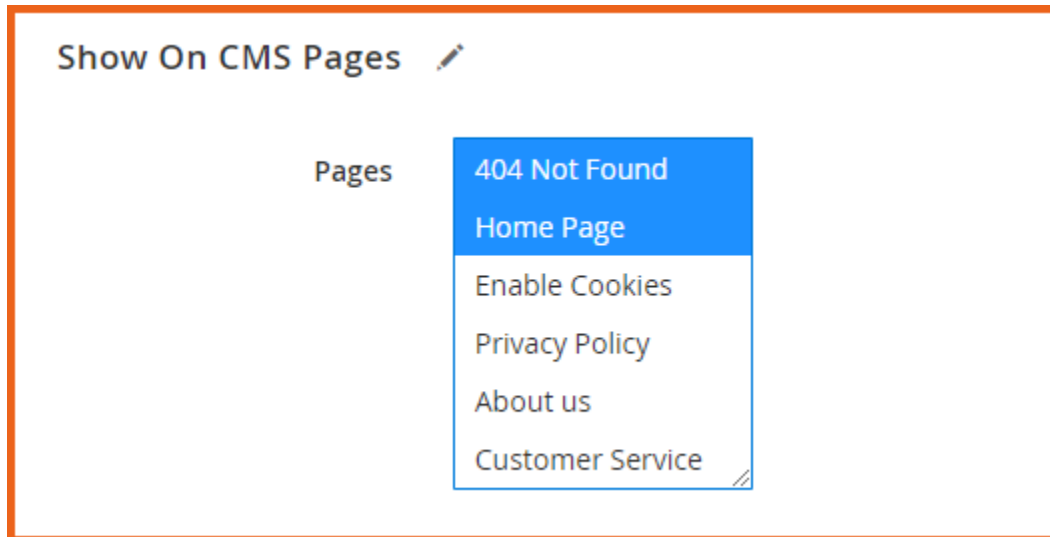

## SHOW ON CHECKOUT PAGE(S)

- **Checkout:** Option to Show or Hide the popup on the checkout page

- **Shopping Cart:** Option to Show or Hide the popup on the shopping cart page

## CONDITIONS

- Conditions for the visibility of the pop-up on the front-end. Conditions (don't add conditions if the rule is applied to all products). These conditions can be used to **limit** the appearance of popup on **product pages** and **category pages**. If you select the categories from the product attribute conditions in the admin, then the popup will appear in a particular category. Similarly, if you select product attributes from the admin and if the attributes match with the product on the product page, the popup will appear on the product page.

## SIGNUP FORM SETTINGS

- **Form Fields:** Select any one form field. If you selected the option "**Register Customer Account & Signup for Newsletter**" or "**Register Customer Account with Address & Signup for Newsletter**" from the dropdown menu, these form fields will appear on your popup newsletter form where the customer can enter the values for the address fields. Moreover, from the top of form fields, you can pre-assign a customer group for those who would register only for the email newsletter popup. This feature is given in the form of a dropdown which is appended to the top of form fields (**Note:** The highlighted fields cannot be unselected)

## Template Settings

- **Popup Design:** In template settings, select the template from the given **20** editable templates from the dropdown menu, then click on the **Load Template** button to load your desired template. Here you can change the text, numbers, headings etc. Once done you can preview your template in the browser. Now, save the newsletter popup and display it on the frontend.

### Template Settings

```
<div class="fme_newsletter_popup">
   <div class="newsletter_template1">
    <div class="NP_close_popup">
      <button title="Close (Esc)" type="button" class="mfp-close">×</button>
    </div>
    <div class="NP_title">
     Get <span>$10</span> Off Your First Order
    </div>
    <div class="NP_content">
     <p><span>Join Magento Store List and Save!</span><br>
Subscribe Now & Receive a $10 OFF coupon in your email!</p>
    </div>
    <div class="NP_form_content">
     <form name="newletter-form" id="newletter-form" action="">
     <!--fields-->

     <p><input name="check" id="check" type="checkbox"> I have read
and agree to the <a href="#">Terms of Service</a></p>
      <button name="subscriber-click" id="subscriber-click">Sign UP
NOW</button>
```
